

Holiday Pop Up Lenormand phone or email card readings only \$20 during December

at Firefly Reiki and Hypnosis

I use my Intuitive and Psychic reading abilities to connect with you and deliver answers to your questions. Together, we will dive deep and navigate the spiritual waters together. Lenormand (French for the "little game") is a deck of 36 cards. Its card images are simple "a clover, a bear, a key, etc. It's this simplicity that leads to the cards not being read based on the picture nor the symbol. Instead, the meanings tied to the cards are fairly literal, such as luck for the Clover and success for the Key (unlike the philosophical meanings often ascribed to tarot). In this respect, Petit Jeu cards remind me of a pictorial language, much like Ancient Egyptian hieroglyphs.
